

BACKERS DROP PLAN TO BUILD NEW STADIUM

PHILADELPHIA (AP) — Proposals to build a stadium on stilts above railroad tracks apparently were scrapped Tuesday when the promoters said they were pulling out because of opposition by some groups.

The city has been backing plans to build a 60,000-seat multi-purpose stadium above the tracks near the Pennsylvania Railroad's 30th Street Station. It would have housed the baseball Phillies and the Eagles of National Football League.

David C. Bevan, finance committee chairman of the Pennsylvania Railroad, one of the promoters, disclosed the withdrawal in a letter to Mayor James H.J. Tate. Tate had been a vigorous supporter of the stadium-on-stilts idea.

MUCH CONTROVERSY

Bevan said the decision was reached because of the controversy that developed over the plans to build the stadium. The Philadelphia Chamber of Commerce was among the organizations objecting.

Tate, in a reply, called on opponents to get behind a "practical alternative and promote it with equal vigor."

The Eagles currently play in Franklin Field, the University of Pennsylvania's field. The Phillies play in Connie Mack Stadium, recently bought by the Eagles' owners. Those stadiums are not on high-speed mass transit lines, while the stadium on stilts would have been near a subway line, commuter railroad facilities and an expressway.

ENGINEER IS BLAMED FOR FATAL CRASH

CANANDAIGUA, N. Y. (AP) — An engineer of one of two freight trains that collided, killing himself and two other persons, did not stop at a point where he had no clearance to proceed, a coroner says.

Morton Orlov, an Ontario County coroner, also cited the Pennsylvania Railroad, the State Public Service Commission and the Interstate Commerce Commission for "their combined negligence that caused this needless loss of life."

Orlov reported Monday on the May 14 collision after completing study of the minutes of an inquest held last June.

The accident occurred on a single track line about 10 miles northwest of Geneva. Engineer James P. Golden of Elmira, the brakeman George J. Reid of Williamsport, Pa., and brakeman Carl Cylvick of Elmira were killed.

Orlov said Golden failed to stop his northbound freight 30 miles from the accident scene, although he did not have clearance to go ahead.

WINS BATTLE WITH FLU BUG

LOS ANGELES (AP) — Lucie Baines Johnson, triumphant in a battle with a flu bug, leaves Los Angeles today for the White House.

The dark-haired 17-year-old daughter of President Johnson returned to Los Angeles from San Francisco Monday with a touch of intestinal flu. She was reported "still a little weak, but much better" Monday night.

Lucie had appeared Saturday night at a Young Citizens for Johnson barbecue in Beverly Hills, then flew to San Francisco for another campaign appearance on her father's behalf when she became ill.

She made a brief appearance at the barbecue, stayed overnight in San Francisco and returned to Los Angeles to recuperate at the home of attorney Lloyd Hand and Mrs. Hand. Hand was Johnson's assistant when Johnson was in the U.S. Senate.

FILE ANSWER IN SUIT

An answer has been filed in the prothonotary's office in the assumpt action brought by Walter J. Hamm against Norman B. and Freda O. Lockamy, Lincolnton, R. I.

The contractor is seeking \$743.76 for work on a parking lot at a drive-in restaurant of the Lockamys in the eastern Adams County area. In their counter claim, filed in the prothonotary's office by Attorney Donald G. Oyler, the Lockamys claim that the price charged was higher than the agreed 50 cents per ton for fill, and that the work instead of being completed in 30 days, as agreed, was not completed for eight months. The Lockamys allege Hamm owes them \$500 for the loss caused by the delay in completing the lot.

PARKED CAR HIT

Charles Woodward, York St., reported to borough police at midnight that a 1959 car struck his parked vehicle on York St. and continued on without stopping. He estimated damage to his car at \$30.

Stuntman Fears Fight With Lion

HOLLYWOOD (AP) — In the movies, when a mountain lion sneaks up behind the hero's stuntman, the stuntman turns as the lion leaps and throttles him with his bare hands.

But what does the stuntman do when a real-life lion sneaks up?

"Naturally, I called the police," said stuntman Irv Berniker.

Berniker spotted a snarling mountain lion on a ledge 15 yards above and behind him Monday as he stood in the backyard of his home in the Santa Monica Mountains.

Berniker told police he'd battled a mountain lion on television last week, but "wasn't about to fool around with the real thing."

Police said the animal escaped into the hills.

Weddings

MRS. BRENDLE

Miss Martha Irene Zook, daughter of Mr. and Mrs. Stanley Otis Zook, York R. 4, became the bride of Michael Richard Brendle, son of Mr. and Mrs. Richard Jerome Brendle, 102 Lincoln Way East, New Oxford, Saturday afternoon at 4:30 o'clock at Goucher College Chapel, Towson, Md. The Rev. Charles A. L. Bickell, former pastor of the First Methodist Church of York, performed the ceremony, assisted by George E. Sheffer, former pastor of the First Lutheran Church of New Oxford.

Prior to the ceremony, violin, flute and organ selections were presented by Mrs. Eldon Fritter, violin; Miss Priscilla Fritter, flute; and Alfred J. Neumann, organist and choir director of Christ Congregational Church, Silver Spring, Md. These musicians all reside in Silver Spring.

GIVEN BY FATHER

The bride, given in marriage by her father, wore a floor-length gown of imported French peau de soie, styled with a fitted bodice, long, tapered sleeves and a controlled skirt. The chapel-length detachable double paneled train was trimmed with Viennese lace and was attached to a cummerbund of peau and lace. Her matching open crown of lace was completed with a tiered veil of illusion. She carried a full cascade of white daphniums, stephanotis and white butterfly roses.

Mrs. Thomas G. Moore, Baltimore, a college classmate, was the matron of honor. The bridesmaids were Miss Bette Barkau, Wilmington, Del.; Miss Barbara Griffin, Washington, D.C., college classmates; Miss Mae Horne, Saginaw, and Miss Rebecca Brendle, New Oxford, sister of the groom. All attendants wore floor-length gowns of white silk lined with elbow sleeves, bateau necklines and controlled skirts. The gowns were accented with cummerbunds and bows of deep coral. They wore deep coral open crowns with white face veils. They carried cascades of white carnations and deep coral roses.

Alan Peck, Jamestown, N.Y., fraternity brother of the groom, served as best man and the ushers were Robert Elder, Hamilton, N.Y.; Eugene Clark, Springfield, O., fraternity brothers; Kenneth Zook, York, brother of the bride, and James Snead, Gettysburg, cousin of the groom.

TO TEACH HERE

The ring bearer was Jacob Leon VanNoy, Troy, Pa., cousin of the bride. The flower girl, Donna Miller, Lagoville, Pa., wore a floor-length gown of white silk organza over taffeta, styled with a high neckline, short sleeves and a full gathered skirt. Her gown was accented with a deep coral cummerbund and bow. She wore a crown of deep coral roses and carried a fireside basket of carnations and similar roses.

Following the ceremony, a reception at Longley's in Towson, after which they left on a week's wedding trip to upstate New York. Upon their return they will reside in the Seminary Apartments here.

The bride graduated from Goucher College, cum laude, in 1963 with a Bachelor of Arts degree in sociology and from Harvard University this year with a Master of Education degree. She is a member of Phi Beta Kappa, honorary scholastic society. She will teach elementary school in Gettysburg this fall. The groom graduated from Colgate University this year with a Bachelor of Arts degree in sociology and anthropology. He is a member of Tau Kappa Epsilon, social fraternity. He will enter the Lutheran Seminary this fall in preparation for ordination and college teaching.

PAUL VI FLIES IN COPTER TO ANCIENT RITE

By BENNET M. BOLTON

CASTEL GANDOLFO, Italy (AP)—Pope Paul VI sets a papal precedent today when he flies by helicopter from his summer residence to a religious commemoration at the Umbrian Hill town of Orvieto.

The 75-mile trip northward to the ancient cathedral town will be the first flight a pontiff has ever made by helicopter.

It also will be the longest trip Pope Paul has taken since he went to the Holy Land by jet plane last January.

The papal schedule in Orvieto included Mass marking the 700th anniversary of the start of the annual Corpus Christi feast day and a speech before he returns tonight to Castel Gandolfo. The Italian Air Force supplied the big helicopter for the flight.

MAJOR DOCUMENT

It comes one day after a major papal document saying Roman Catholicism will try to dialogue with all aspects of the modern world.

In his encyclical "Ecclesiam Suam," Pope Paul said Monday the paths of church consciousness of itself, church reform and church openness to the world lay before contemporary Catholicism.

Against a background of war threats in Cyprus and Viet Nam, the pontiff said in his encyclical he would be "ready to intervene, where an opportunity presents itself, in order to assist the contending parties to find honorable and fraternal solutions for their disputes."

Flags and bunting of papal white and gold hung from Orvieto's windows and walls to welcome the pontiff.

The cathedral is an outstanding example of Italian gothic style. Tradition has it that the building was started in 1285 at the request of Pope Urban IV to commemorate the "miracle of Isena."

Legend says that at nearby Bolsena in 1263, drops of blood miraculously appeared on an altar cloth before a priest who doubted the Church's teaching that the body and blood of Christ are really present in the bread and wine of the Eucharist.

SENATE NEARS COMPROMISE ON POPULATION

WASHINGTON (AP) — Senate leaders are reported near agreement on a compromise proposal that would direct, but not compel, courts to go slow on ordering reapportionment of state legislatures on a population basis.

The compromise would substitute for a proposal by Senate Republican leader Everett M. Dirksen of Illinois to stay all court-ordered reapportionment until after state legislatures have had two sessions to consider the matter.

Dirksen's proposal, which he hopes to attach to the foreign aid authorization bill, would delay court-ordered reapportionment by from two to four years. In the meantime, efforts would be pressed to nullify the Supreme Court ruling requiring population to be the basis of apportionment in both houses of state legislatures.

The compromise, worked out in four days of conferences participated in by Solicitor General Archibald Cox, would direct lower federal courts to take into account all legitimate difficulties surrounding reapportionment in any case.

WASHINGTON (AP) — Myrl E. Alexander, 55, a retired 30-year veteran of the Bureau of Prisons, will succeed retiring director James V. Bennett on Aug. 28.

Atty. Gen. Robert F. Kennedy announced Monday the appointment of Alexander, now a professor of sociology at Southern Illinois University and director of the Center for the Study of Crime, Delinquency and Correction.

BURY MOUNT PROF. TODAY

Funeral services for Richard J. McCullough, professor of mathematics at Mt. St. Mary's College, Emmitsburg, were held this morning at 10:30 o'clock in the college chapel with a Solemn High Mass of Requiem.

Rev. Louis Dougherty, a nephew of the deceased, was the celebrant. Rev. John J. Conway and Rev. James F. Kelly, of the college faculty, acted as deacon and subdeacon, respectively of the Mass. Rev. Carl J. Fives, dean of Mt. St. Mary's College, delivered the sermon.

Several monsignori and priests were seated in the sanctuary, and a delegation from the Maryland State Police and the Emmitsburg Police Department also attended. McCullough had been trial magistrate of the Emmitsburg District for several years.

Interment was in St. Anthony's Cemetery on the mountainside near the college.

In his eulogy of Professor McCullough, Rev. Fr. Fives paid tribute to his 43 years of service in Catholic education, of which 40 years were spent at Mt. St. Mary's College. He praised McCullough as a man devoted to his family, his church and his Alma Mater, as one who never was too busy to give of his time to community activities even outside his family interests. He also mentioned the numerous acts of charity performed by McCullough during his lifetime and praised him for the exemplary life he led.

MOVE AGAINST PA. BILLBOARDS

HARRISBURG (AP) — The state Highways Department says it will receive \$5 million from the federal government upon the removal of billboards along Interstate highways in Pennsylvania.

The 1961 General Assembly empowered the department to remove the billboards within 600 feet of interstate rights-of-way acquired after 1956. The law does not pertain to the Pennsylvania Turnpike.

Henry D. Harral, secretary of highways, said Monday district engineers will send registered letters to each owner of property where a billboard is located. The sign must be removed within 30 days or it will be taken down by the department with the charge billed to the property owner.

The law carries a \$100 fine for each day of violation.

15 RETARDED CHILDREN AT "DAY CAMP"

Fifteen Adams County children between the ages of six and 17 were enrolled daily in the first Day Camp for Retarded Children held recently at Camp Happy Valley under the auspices of the county chapter of the Pennsylvania Association for Retarded Children. Camp facilities were donated by the Penn-Laurel Girl Scout Council.

Under the direction of Mr. and Mrs. Evers Rinehart, Biglerville R. 2, the camp included hikes, games, exercises and songs, craft classes and other recreation. It was held from 9 o'clock in the morning through 2:30 o'clock in the afternoon.

One of the highlights of the week's program was the appearance of the Gettysburg fire truck, manned by Robert Heyser, Edward Stoner, Larry Hankey and Gerald White. The firemen demonstrated the fire engine facilities to the children.

PUPPET SHOW

Miss Ellen Humphries, Biglerville, gave a puppet show as part of the entertainment program and the children visited Jack's Mountain Zoo during the week.

Registered nurses were present daily to provide emergency first aid and health services. They included Mrs. Russell Kane, Caledonia; Mrs. Charles Kingston, Gardners; Mrs. Dean Carey, Biglerville; Mrs. Ray Black, Gettysburg R. D., and Mrs. Carl Prosser, Gettysburg.

Others assisting with the Day Camp were Mrs. Joseph Hutzler, Mrs. Donald Wright and Mr. and Mrs. Earl Schmidt, all of Biglerville; Mrs. William Riley, York Springs; Mrs. Donald Hubbard, Mrs. Sterling Plank and Mrs. Alice Paddock, all of Gettysburg R. D.; Mrs. Elwood Wentz, MeSherrystown, and Mrs. Jacob Menges, Hanover.

Young adults who assisted with the children were Cindy Street, Louise Harbach and Rosalie Boyer, Gettysburg; Rita and Teresa Hopper, York Springs R. D.; Connie Trone, Gettysburg R. D., and Pat, Lois and David Rinehart, Biglerville R. 2.

south of the village of Alevga, near the scene of recent fighting, for 25 minutes this morning but did not open fire.

Only a few isolated gunshots were heard during the night as both Greek and Turkish Cypriots observed the truce, the U.N. said.

At the order of Secretary-General U Thant, the U.N. police force mobilized its limited manpower to prevent another outbreak of fighting along Cyprus' northwest coast.

SCOUTING FLIGHTS

Turkey said it would send its jets on scouting missions until the U.N. troops can enforce the truce and Greek Cypriots withdraw from positions they captured in the last six days.

The Turkish Air Force began its retaliation raids after the Greek Cypriots opened a drive Aug. 5 on the only remaining Turkish Cypriot coastal strip. The Cyprus government charges that Turkish troops and arms were being landed at the Turkish Cypriot fishing village of Kokkina.

The crisis left the government of Cyprus badly split, possibly impairing the political strength of Archbishop Makarios, Greek Cypriot president. Rightists and leftists in the cabinet exchanged angry words over whether to count on Greece or the Soviet Union for help, informants said.

Both factions were disappointed by the less than wholehearted support they received from Greece and the Soviet Union.

In Athens, Greek Premier George Papandreu indicated Monday night he does not look forward to a war over Cyprus with Turkey, Greece's eastern Mediterranean partner in the North Atlantic Treaty Organization.

Department of Highways and a former resident of Gettysburg, will retire from state service August 19.

Eisinger has served 37 years in the highways department. He became superintendent of maintenance here in August, 1927, and served until February, 1931, after which he was transferred to York County where he served one year. He then transferred to Harrisburg as a maintenance engineer for Adams, York, Franklin and Cumberland Counties where he remained until 1935. With the change from a Republican to a Democratic administration in Harrisburg, Eisinger was sent to West Chester where he remained until 1937 when he was relieved of his state post. He joined the Allied Chemical and Dye Co., Solvay Sales, Philadelphia branch, where he remained for two years and one month when he returned to the state highways department.

He became maintenance engineer in District O for Adams, Dauphin, York, Cumberland, Franklin, Lebanon, Perry and Juniata Counties.

Eisinger served in a number of capacities in the department, climaxing as assistant district engineer of District 8-O.

Mr. and Mrs. Eisinger reside at 707 Coolidge St., New Cumberland. They have two sons, Jerry, who was born in Gettysburg, is a major in the Army with 16 years' service. He is post engineer at Camp AP Hill, Fredericksburg, Va.; Eddie is a S/Sgt in the Air Corps at Tipsham, Me. He has five children, including one set of twins.

TO ADD CUSTODIAN

The finance committee also presented a recommendation, which was adopted, providing for the creation of another custodial position with the man to be assigned chiefly to grounds work at all schools, including grass mowing and snow removal. He would also be a bus driver. One of the present staff would be assigned to the new post and a new man would be added to the staff at a starting rate of \$2,800, it was explained.

EVALUATORS

again approved Drs. William Flickinger and Leon Roos as school physicians and re-elected Dr. Robert Potts school dentist. Supervising Principal Amos D. Meyers reported that a guidance counselor is needed for the high school, and that a vacancy exists for a science-mathematics teacher. Other personnel needs include a Fifth Grade teacher and a clerical assistant for the library.

TEACHER RESIGNS

The board accepted the resignation of Donald Morrison, industrial arts teacher, a position which remains to be filled for the fall term. Meyers also requested additional cafeteria help in the elementary schools during the lunch hour.

The board approved a recommendation for physical examinations for bus drivers and was informed that all bus drivers have been urged to attend the Drivers Institute at New Oxford High School at 6 p.m., August 20. Drivers are requested to attend the institute every two years.

Meyers reported that 150 children participated in the summer swimming program and said that the summer reading program has been successful. He said that 50 pupils were enrolled at East Berlin and 80 at the York Springs classes.

The board approved payment of bills totaling \$31,203.22, of which \$12,700 was payroll.

TWO TEACHERS

(Continued From Page 1)

important factor has been the cut-back in government subsidies, he said. The amount of food served and its quality "seems satisfactory over the long haul," Weaver added. "Operation of the cafeteria generally has been favorable," he told the directors and expressed the hope that economies may make it possible to avoid raising rates to pupils for another year.

TO ADD CUSTODIAN

The finance committee also presented a recommendation, which was adopted, providing for the creation of another custodial position with the man to be assigned chiefly to grounds work at all schools, including grass mowing and snow removal. He would also be a bus driver. One of the present staff would be assigned to the new post and a new man would be added to the staff at a starting rate of \$2,800, it was explained.

Those teachers who have received a satisfactory rating after two years as temporary employees were approved for regular contracts under tenure on recommendation of the superintendent: Mrs. Judy Annis, William K. Foreman, George W. Glenn Jr., Dallis L. Hoffman, Earl M. Little, John F. Maloney, Mrs. Patricia P. Mummert and T. Bruce Robinson Jr.

Moris Quint, new senior high school principal, was introduced to the directors by Supt. Riegle.

TO HOLD AUCTION

The directors approved a school policies handbook which will be distributed to the teachers. Most of the policies had been approved previously but had not been brought together for distribution. The policies relate to the school staff and faculty and their duties.

The directors voted to hold a public auction "by this fall" of old and unused school furniture now stored in unused Lincoln school building. It includes pupils' desks and seats, teachers' desks and many other items.

On recommendation of Supt. Riegle, the directors voted approval of a "tutorial program" by which selected Gettysburg College students will tutor junior high pupils in subjects in which the youngsters need extra help. This will not relieve regular teachers of their responsibility for after-school help to pupils who request it, it was brought out. The program will be closely supervised and the college students will not be paid. Mr. Riegle described the "tutorial program" as one that is growing across the country.

PUSH BUILDING PLANS

Taking final action in a matter that had been pending for two months, the directors accepted a corrected \$375 bid from the Gettysburg News and Sporting Goods for a side horse for the high school physical education classes. Stewart Moyer, proprietor, came before the board to explain an error in his initial bid. The corrected Moyer bid was lower than any others received.

Work on the plans for the annex to the senior high school building is being pushed as rapidly as possible, Supt. Riegle told the directors. He said schematic drawings are being studied and preliminary plans will be submitted to the state as soon as possible. Terms of the school authority's contract with the architect for the annex were discussed with the board by Attorney John MacPhail.

Supt. Riegle said it probably will be necessary to assign four rooms of senior high pupils to the junior high building this fall. Last year three rooms were used. Senior high enrollment may reach 750 this year and junior high may be between 925 and 950, he said.

MOST CENSUS REPORTS IN

All school census reports are in except for Gettysburg borough, Richard A. Folkenroth, administrative assistant, told the board.

A request from Thomas E. Piper, county agent, for use of the senior high cafeteria on Wednesday evenings from October 7 to November 25 from 8 to 10 o'clock was granted. The leadership seminar course for civic leaders will be held there during that period.

The monthly report of the Gettysburg National Bank, school district treasurer, showed receipts of \$50,888 in the last month with expenditures totaling \$32,489, leaving a balance of \$60,928.

PAY FOR GUN CLUB

The committee approved bills totaling \$32,723 for payment Monday night. Largest single item on the list was a \$9,500 payment for the gun club property south of the high school along Wainwright Ave. Purchase of the property had been authorized by the board some time ago. The land is to be used for campus expansion. It was purchased from the Gettysburg Sportsmen's Association.

Next largest item on the list was \$2,000 paid to Edward R. Brownley for painting the exterior trim of the junior high school building. The bills also included \$1,151 payment to the Shippensburg Audio-Visual Regional Library on the basis of an enrollment of 2,879 pupils.

President Oren H. Wilson presided at the meeting which was held in the junior high school building. The session adjourned about 9:30 p.m.

To Show Film At Assembly In Md.

Harold E. Cluck, presiding minister of the Gettysburg congregation of Jehovah's Witnesses, said today that a free two-hour color film will be presented Saturday as a special feature of the three-day assembly of Jehovah's Witnesses this weekend at Frostburg, Md. The film is entitled "Proclaiming 'Everlasting Good News' Around the World" and will be shown at 7 p.m. in the state armory.

Cluck said the film was produced by the Watch Tower Society as part of the around-the-world series of assemblies held from June 30 to September 8, 1963. More than 500,000 persons from 161 lands attended the 24 conventions in principal cities of the U.S.A., Europe, Asia, Australia and the islands of the Pacific.

"This film is not just a travelogue," Mr. Cluck said, "although it shows scenes in 22 countries and 36 cities and many highlights of this unusual assembly. Its theme draws on the basic influences at work in our modern civilization that are undermining the morale and the spirituality of people in all nations and all walks of life." It is being shown on every continent.

HOLD CASHMAN REUNION

The 34th annual Cashman reunion was held Sunday at Pines Church near New Chester. Ray Epley, New Oxford R. 1, president, presided. Reports were received from the officers, including the preparation of the history and genealogy. Communications were read from a number of descendants and from the Kansas Reunion Association. Prizes of one dollar were awarded Miss Vergie Musser, 79, Gettysburg, oldest person; youngest person, Machel Vanflorn, eight weeks; and traveling the farthest distance, 220 miles, Mr. and Mrs. Richard Shull, Carlstadt, N. J. All officers were re-elected. Epley, president; first vice president, Arthur Guy Cashman, Washington; second vice president, William Cashman Sr., New Cumberland; secretary Miss Musser; assistant secretary, Mrs. John Hartlaub, Gettysburg R. D.; treasurer, E. W. Weaver, Gettysburg R. 6; pianist Mrs. John Van Horn, Milltown; historian, Ray Hoover, Highspire and genealogist Arthur Weaver. The group voted to have a covered dish dinner next year at the same location on the second Sunday in August.

FIFTY YEARS AGO

To Quickly Darken Gray, Faded Hair: If you want your hair to have that youthful, vigorous appearance that will compel the admiration of everybody, step into The People's Pharmacy the first chance you get and secure a 7 ounce bottle of Le May's Cream of Sage and Quinine for 50 cents. With a few applications your gray or faded hair will be gone, instead you will have a lovely even shade of dark, lustrous hair and your best friends won't know you are using anything. Furthermore, your scalp will become immaculately clean and free from dandruff and itching in less than a week. This safe and sure French recipe is not a dye and contains no lead or injurious substance.

The Biglerville town council on Tuesday leased a lot in that town to the fire company for a period of 99 years at a rental of five cents a year.

The First National Bank of Hanover has purchased the Union Opera House, McSherrystown. Consideration \$3,140.

The following are camping at Bream's Dam for ten days: William Abell Jr., John Becker, Riley Dillman and Arthur Cunningham.

First Effect Of War Felt Here: The first effect of the great European War to be felt in Gettysburg made its self manifest this morning when all the grocers in town announced a rise in the retail price of sugar from five to six and one half cents. Sugar in the past two days had gone up 20 cents per 100 pounds to the wholesale dealers and the probabilities are that it will go much higher. Indications are that all products in any way needing shipping, will advance considerably and this will to some degree affect American produced goods.

Seven Buildings Are Destroyed: In the most disastrous blaze the western end of the county has had for many years seven buildings in Orrtanna were destroyed shortly before midnight Thursday, entailing a loss estimated at about \$8,000, most of which is covered by insurance. The buildings destroyed included: Barrel factory of S. M. Baumgardner, stocked with five carloads of newly made barrels ready for immediate use in handling this year's apple crop. Machinery and other equipment destroyed. Creamery of H. F. Starnes together with all of the contents. Blacksmith shop of Grant Funt with all of the contents. Automobile garage of Albert Keady. Contents saved. Shed of Albert Keady, together with large supply of phosphate, the property of Nicholas Biesacker. Building of Samuel Baumgardner together with all of the contents including thrasher, hay packer and fodder shredder, the thrasher being a new machine. Stable of Clement Wolford with a portion of the contents. The fire was discovered in the barrel factory of S. M. Baumgardner. A large stove in the part of the building in which the barrel making machinery is located was used for heating the barrels when the hoops were to be placed on them and the stove had been very hot a short time before the men quit work about five o'clock in the evening. It is generally supposed that this overheated stove ignited shavings and that the disastrous blaze resulted from this source.

Discover Skeleton: Dennis Twomey and his gang of Western Maryland track workers uncovered a well preserved skeleton near the railroad cut west of town late on Thursday afternoon while working near the track. The skeleton was under a foot of ground and with it were found five buttons, usually found on the Union soldier's uniform, several bullets, two iron heel plates, and the heels of two shoes. The man was evidently buried near where he fell during the heavy fighting in the railroad cut on the first day. The bones will be buried in the Soldiers' National Cemetery.

Today's Talk

MULTIPLE PEOPLE

Walt Whitman once exclaimed that he was immense — that he contained multitudes! I also recall an interesting statement I once read about Shakespeare. It said that his characters were so true and real and that he understood human nature so perfectly that "he was not a man, but a continent!"

The best in us all is inherited or borrowed from scores of others. We are in fact multiple people. Unconsciously we take upon ourselves the attributes of others and imitate from the great storehouse of all humanity and nature.

It is well that we come to realize the full significance of influence. We can hardly make a move or think a thought without furnishing food for influence. Books and people have influenced the world from the time of creation, and in all nature are facts and truths that have rhaded inspiring books and changed the course of many a life.

In our bodies are all the elements that sleep within the earth. How truly do we belong to — Mother Earth! How happy we are when walking upon her soil and breathing the fragrance of her breath as emanating from flower, tree and the soil. How fresh and stimulating the smell of her winds and rains.

I look upon a night sky, packed with brilliant stars, and wonder at them anew each time, and yet there is not a single star in that vast expanse of beauty and mystery so significant as one human being! In us all are all the stars, all the wonders, all the mysteries, all the unsolved riddles of the Universe. We are multiple people. The fact should spur us on. Life itself is significant.

A really notable task is handed to us when we are given life. The supreme task for us, however, lies in our ability to handle it aright, and with courage. Our lives keep multiplying for us, increasingly, as we give to others, as we contribute to their happiness, and as we live the multitudes that are of us so much a part.

Just Folks

NO LIFE

No bills to pay,
No taxes due.
Nothing but play
A lifetime through.
No doubts; no fears;
All understood;
All smiles; no tears.
Would that be good?

No tasks to do.
No goals to seek.
No old, no new.
No strong, no weak.
No good, no ill.
No pain to bear.
No place to fill,
No need to care.

No cause to weep
No clouds above.
No dear, no cheap.
No hate, no love.
No loss, no gain,
No storm, no strife.
No dreams in vain,
That's death, not life!

PLAN MOONLIGHT RIDE

Twenty-five members of the Carroll-Adams Riding Club participated in a weekend trail ride. The group left on Saturday from Moyer's Retreat, near Mt. Holly Springs, and rode for several hours in the vicinity. They returned there for supper, which was served to 40 persons by Mr. and Mrs. Moyer. They enjoyed swimming in the evening and camped overnight at the retreat site. The group had breakfast in the morning before riding back to New Oxford. Herbert Sterner was trail master.

The club will have the last trail ride of the season on Saturday, August 22. This will be a moonlight ride, beginning at 9:30 p.m. Arrangements are in charge of Gary Dull.

The family night meeting will be held in Bethel Assembly of God Church, along the Fish and Game Rd., at 7:30 p.m. on Wednesday.

Gettysburg All-Stars Cop Fourth Consecutive Adams County L.L. Championship

In one of the finest, well-played ball games of the season, the Gettysburg All-Stars captured the 1964 Adams County Little League baseball championship by edging a strong Littlestown team 2-0 Monday evening on the winners' field at the Recreation Park.

An over-flow crowd, which was evident in the large last night collection of \$56.74, saw some tremendous pitching from Gettysburg's Dave James and his opponent, Kevin Zumbum. James fired an excellent one-hit shutout and fanned five batters and issued one walk. There were no Gettysburg errors throughout the six frames. Zumbum, on the other hand, allowed five scattered hits, struck out three and did not walk a single batter. Littlestown committed one miscue which resulted in a run. The first four and a half inning of the game were played in exactly 35 minutes while the entire contest was completed in just under one hour.

Not only did the pitching amaze the fans, but the defense of both teams was at its best. Steve Duterer, Littlestown third baseman, stopped a Gettysburg rally in the third by coming up with two well-hit ground balls and turning them into outs. Jim Flynn, Gettysburg's center fielder, roamed the outfield like he owned it pulling down three picture catches.

QUIET BATS

Littlestown's major problem came from the quiet bats. Dan Brown collected the only safety for the visitors, that being a single to center in the second inning. Littlestown had only two other men on base throughout the game. Jay Beamer reached first in the initial inning on an infield miscue and pinch-hitter Eddie Klunk drew a walk for Zumbum in the final stanza.

Gettysburg tallied its first run in the bottom of the second inning. With one out, Carl Swinn got on via an overthrown at first, but was out at third when Ron Jacoby reached base on a fielder's choice. Lee McCans then poked a single to right, but another overthrow at third permitted Jacoby to cross the plate. The winners' last run was recorded in the bottom of the fifth. Again with one out, Jim Flynn rapped an opposite field double to deep left. Tony Strickland then blasted a single to left, but Flynn was out from the plate on a perfect throw from Baron Sentz to Dan Brown. Sam Waddell then drilled the first pitch to deep center for a double, driving in Strickland.

PRESENT TROPHY

Tony Strickland was the game's leading batter as he pounded out a perfect two for two.

a brief ceremony was staged at home plate. Francis E. Redding, representing the Allied Veterans Council, presented Gettysburg Manager Ed Markley with the champion's trophy. Redding said the council hopes to make this an annual affair. The winning team was also presented a check for \$35 which comes from the county funds for the exclusive use of the All-Star champions and not for the league they represent.

Optimist Boys' League

The Bullets won the 1964 regular season championship as they squeezed out a 3-1 win over the Soldiers Monday evening.

The Bullets now have an 11-3 record with just one game remaining while the second place Rifles are 8-5 on the season. It was announced by the league coaches that the two postponed games and one tie contest will be made up Wednesday morning at 9:30 o'clock. The schedule will include: Rifles vs. Soldiers; Warriors vs. Soldiers; and the continuation of the 6-6 tie between the Rebels and Warriors.

Amos Myers accounted for the Soldiers' lone run when he blasted a home run in the bottom of the seventh. Bill Rogers and Neil Fair paced the winner's attack with a pair of hits each while Dennis Eberhart poked the same number for the Soldiers. Rogers' two safeties included a double and triple.

Gettysburg Little League

The regular season championship will be at stake as the league attempts to make-up its two remaining games, postponed due to the Adams County playoffs. The Moose and Glenn L. Bream teams will close out their seasons Thursday evening in a 6:15 o'clock contest. No date has been set as yet on the Elks and Lions clash. An Elks victory could turn the league into a three-way tie for first place.

Manager Barry Sixeas of the Breams has announced that his team will hold a practice session this evening on the Little League diamond. The Moose managers have announced that their team will drill Wednesday evening on the same field at the Recreation Park.

A special meeting of the board of directors will be held this evening at the Elks home at 8 o'clock. Dick Smith, president, announced today.

PERFECT GAME

HERSHEY, Pa. (AP) — Mark Belich, a 16-year-old left-hander of West Allis, Wis., Monday pitched the first perfect game in the 12-year history of the Veterans of Foreign Wars Teener Baseball Tournament.

FORD FRICK TO CONTINUE THROUGH '65

By JOE MOOSHIL

Associated Press Sports Writer CHICAGO (AP) — Baseball's major leagues held a joint meeting Tuesday assured that Ford Frick will remain commissioner through the 1965 season and that selection of his successor will proceed in orderly fashion.

Frick, 69, announced last Wednesday he would not seek a new term and would step down from his \$75,000-a-year post when his successor is named.

Following a meeting of the major league Executive Council Frick agreed, however, to stay on the job through the 1965 World Series.

NO BIG NEWS

The council decision to ask Frick to remain and his acceptance figures to shut off any unauthorized speculation as to the identity of the next baseball czar.

Top candidates for the job at present are Judge Robert Cannon of Milwaukee, legal counsel of the Players Association; Sen. Kenneth Keating, R-N.Y., former Vice President Richard Nixon, Supreme Court Justice Byron Quizzer White and Cronin.

Neither the American nor National League meetings Monday provided announcements of any magnitude.

BRAVES SAY NOTHING

The National League interrupted its meeting when Giles, with Milwaukee in mind, asked if any club desired to request consent to transfer its franchise.

When Giles received no response and in view of rumors that the Milwaukee Braves are headed for Atlanta, he asked Braves' representatives if they had any request to make. The answer was "No."

Giles then asked if Milwaukee has been or is considering a transfer. The Milwaukee representatives replied that because of many factors to be considered they were unable to evaluate fully their position until a later date.

OK PENSION PLAN

The National League approved an umpire pension plan which had been orally agreed upon in New York July 6.

An umpire will receive \$300 a year for each year of active service after his retirement. Retirement age is 55, but it is not mandatory.

The major league television committee announced plans have been completed for Monday night baseball telecasts next year.

The majors will offer a nationally televised night game every Monday night, with no blackout areas.

ANGELS TO MOVE

Two games will be scheduled every Monday night, the first to be televised and the second as a standby in case of adverse weather.

All 20 clubs agreed to let the committee conduct negotiations. All of the clubs would share equally in the proceeds. Negotiations will begin in 30 days after advertisers, sponsors and networks have been contacted.

The American League approved the Los Angeles Angels move to Anaheim, Calif., beginning in 1966. The action was a formality since Angel President Bob Reynolds signed a 35-year lease last Saturday for the club to play in a new stadium to be built about 25 miles from Chavez Ravine.

RUTTMAN TO QUIT RACING

DETROIT (AP) — Troy Ruttman, youngest driver ever to win the Indianapolis 500-mile classic, said Monday night that he is retiring from racing because "I want to walk out of it alive with my head up."

Ruttman, who won the 500-mile Memorial Day race at Indianapolis in 1952 at the age of 22, said his retirement "was not a hasty decision."

He said he felt racing had been good to him but "every time I sit down in a race car death is sitting right beside me."

Ruttman, 34, of suburban Dearborn, has been a racing driver since he was 13. He has been injured seriously several times and narrowly escaped death in this year's Indianapolis 500 in which one of his closest friends, Detroit Eddie Sachs, was killed.

Ruttman, recalled he was running alongside Sachs when the fatal crash occurred. "That started me thinking," he said.

EDDIE KOONTZ SCORES 2 TD'S IN SOUTH WIN

A pair of touchdowns by Littlestown's Eddie Koontz and a field goal by Red Lions' Denny Deardorff was the margin of victory as the Southern All-Stars defeated the Northern Stars 16-14, Monday evening on Small Athletic Field, York. The contest, one of the areas' first football games, was sponsored by the Kreutz Creek Valley Lions Club.

The proceeds from the grid battle go toward the Lions Club scholarship fund. Monday's game, the fifth since its inauguration, was witnessed by 5,500 fans.

Deardorff, a former kicking specialist for Red Lion, got the southern team off to a flying start in the first quarter with a 30-yard field goal after two running plays and a pass failed with the ball resting on the 14-yard line of the North.

Koontz scored the game's first touchdown midway through the second quarter when he bolted over from six yards out climaxing a 33-yard drive. Koontz scored again with 1:20 remaining in the half. The South gained possession on the North's 24 via a fumble. Red Lion quarterback Jim Trout fired an aerial to Koontz five plays later from 13 yards out. Deardorff's second placement attempt was good.

The North team scored in the late moments of the half when Bob Miller fired to Jim Kennedy, former York High player, completing a 73-yard play. The losers scored again in the third stanza when Miller tossed a 17-yarder to John Gentzler.

Delone's former head coach "Buckey" Kempton was one of the Southern team's coaches. Also playing well for the winners was former Delone flash, Steve Little.

GOLD MEDAL FOR LOURIE

NEW YORK (AP) — Donald B. Lourie, All America quarterback for Princeton more than 40 years ago and presently chairman of the board of Quaker Oats, has been named recipient of the gold medal award of the National Football Hall of Fame.

Hall of Fame President C. J. LaRoche announced Monday that Lourie will be given the medal at the annual dinner in New York Dec. 8.

The award goes to "distinguished Americans who have by their interest, spirit and conduct rendered distinguished service to the game and spirit of American football."

Lourie was Princeton's quarterback in the 1919, 1920 and 1921 seasons and was named to Walter Camp's All America team in 1920.

PACKERS MAKE SOME CHANGES AFTER DEFEAT

By BOB GREEN

The Green Bay Packers, shocked by their first loss in 25 exhibition games, have made some wholesale changes in rookie personnel while the Chicago Bears are having some second thoughts about their narrow victory over the College All-Stars.

The Packers, second in the Western Conference last year after two years as the National Football League champions, were knocked off by the St. Louis Cardinals 20-7 in New Orleans last weekend. It broke a string of 24 straight exhibition victories for the mighty Packers.

Taking part in their first drill with the Packers Monday after playing in the All-Star game were tackle Lloyd Voss of Nebraska, center Ken Bowman of Wisconsin, halfback Duke Carlisle of Texas, quarterback Dennis Clardige of Nebraska and linebacker Tommy Crutcher of Texas Christian.

Trimmed from the team that will play the New York Giants Saturday were center-guard Dave Crossan of Maryland, defensive back Beau Carter of Fresno State, back Gary Kroner of Wisconsin, and Tom O'Grady of Northwestern, defensive back Larry Hunter from Grambling and defensive back Joe Scarpati from North Carolina State.

Chicago Bears Owner-Coach George Halas, meanwhile, is trying to get the look at his second stringers he couldn't afford in the tight 28-17 victory over the All-Stars in Chicago last weekend.

Nicklaus Tops In Money Winners

DUNEDIN, Fla. (AP) — Jack Nicklaus leads the list of 10 top pro golf money winners released by the Professional Golfers Association.

Nicklaus has played in 19 tournaments, winning three for \$96,217.

Arnold Palmer, all-time top money winner with more than \$180,000 to his credit for a single season, is second with \$90,443.

Tony Lema ranks third with \$68,738, Bill Casper Jr. fourth with \$64,886 and Gary Player fifth with \$52,449.

Juan Rodriguez has earned \$46,610; Ken Venturi, \$45,565; Mason Rudolph, \$39,612; Mike Souchak, \$37,414; and Bob Nichols, \$34,527.

FRESNO, Calif. (AP) — Ranking welterweight Curtis Cokes punched his way to an easy 10-round decision over Al Andrews of Fresno Monday night in the main event at Kearney Bowl.

Bolts Slate Grid Physical Exams

Physical examinations will be given to all Littlestown High School football candidates on Thursday and Friday, it was announced today by Jack Bream, director of athletics.

All Junior and Senior candidates are asked to report Thursday morning at 8:30 o'clock to the office of Dr. Leonard L. Potter. All Freshmen and Sophomore candidates are asked to report to Dr. Potter's office on Friday morning also at 8:30 o'clock.

IDLE PHILLIES GIVEN BIGGEST SEASON LEAD

CHICAGO (AP) — The Philadelphia Phillies have their biggest lead of the season in the National League pennant race—three games—but they're not counting their World Series money yet.

"We have to keep playing the way we have been playing," say the Phils' Wes Covington.

"We've made a lot of the bunt and hit-and-run and things like that and we've all taken turns picking up the club."

"But, no one can sit down and say, 'Look, boys, we got it won.'" Covington added.

Still, Covington admits he's cleaning up the ring he received for playing on two pennant winners with the Milwaukee Braves in 1957 and 1958.

"I expect to put another one on the other hand," he said.

The Phillies, idle Monday, watched their lead increase by half a game, as the St. Louis Cardinals edged the second-place San Francisco Giants, 2-1.

Before returning to Philadelphia

STINGINESS BLAMED FOR VOTE MUDDLE

PITTSBURGH (AP)—The stinginess of the Philadelphia Elections Board is the reason for the unsettled state of affairs in the fight for the Democratic U. S. senatorial nomination, says the counsel for State Supreme Court Justice Michael A. Musmanno.

Atty. Abraham E. Freedman of Philadelphia charged at a news conference Monday that the Philadelphia Elections Board failed to lock off a row of levers on voting machines because it would have cost \$3,000 to do so.

This resulted in the disfranchisement of 5,624 voters who inadvertently cast that many votes on row "C" on voting machines of 15 Philadelphia wards, Freedman said.

SHOULD BE BLOCKED

Musmanno's opponent, Genevieve Blatt, state secretary of internal affairs, currently leads in the race by 513 votes.

Freedman said row "C" should have been blocked off for all offices except Democratic contenders for a special congressional election.

The names of all candidates were printed on the machines below the lever to be pulled to cast a vote, he said.

Row "C" was below Row "B" but blank—except for the special election candidates—and unlocked, thus giving the voter a chance of pulling the lever on Row "C" in belief he was voting for the candidate on row "B," Freedman contended.

ASKS REOPENING

"If the intent of the voter is clear," Freedman said, "the (disputed) votes should be counted. If it is not clear, then a special election should be held in the disputed areas."

Freedman said this is why he is requesting a reopening of the question in the State Supreme Court and that if it should again rule against Musmanno, he will take the case to the U. S. Supreme Court "as soon as possible."

"There is more at stake than just Musmanno," he said. "The people voted for a candidate. If some other candidate is permitted to run, where do we stand?"

The state Supreme Court virtually gave the nomination to Miss Blatt when it ruled July 27 that the votes should not be counted.

TYPHOID CASES

DOYLESTOWN, Pa. (AP)—Five Bucks County residents have been stricken with typhoid in the past three months, according to Dr. William J. Meyer, director of the county Department of Health.

However, Meyer cautioned that does not represent an "outbreak" of the disease.

He said Monday that "it is just coincidental that we have five cases at one time."

SISTER OF MRS. NHU IN STATES

FT. BRAGG, N.C. (AP)—The Army has confirmed that Madame Tran Le Chi, only sister of South Viet Nam's Madame Ngo Dinh Nhu, is a language instructor at the John F. Kennedy Center for Special Warfare.

A copyrighted story in the Fort Lauderdale (Fla.) News Monday said Madame Tran was a language instructor and political advisor.

Maj. Irwin C. Nye, information officer, confirmed she has been a language advisor since June 18 but said she "is not and never has been employed as a political advisor."

Maj. Nye said Madame Tran, 35, refuses to give interviews.

Madame Nhu, now living in exile in France, has been a bitter critic of the United States. Her husband and his brother, Ngo Dinh Diem, were slain in the overthrow of Diem's regime last year.

55 Teeners In Hershey Contest

HERSHEY, Pa. — Fifty-five girls, 13 to 17 years of age, will enter the Miss American Teenager of Central Pennsylvania contest quarter final round at Hershey Park Bandshell Friday night, August 14, starting at 8 o'clock.

The girls, survivors of preliminary contests which were held twice weekly since July 6, will vie for the right to represent Central Pennsylvania in the national contest to be held at Palisades Amusement Park, New Jersey, on Saturday, September 12. Twenty-five girls will be chosen August 14 and will move on to the semifinals August 17 when 10 will be selected for the grand final Friday, August 21. Out of these 10 finalists will be chosen Miss American Teenager of Central Pennsylvania, first runner-up and a second runner-up.

To the winner goes an all-expenses-paid trip for herself and chaperone to the national contest, a \$100 wardrobe, luggage, a \$50 savings bond and the winners trophy. To the first and second runners-up will go trophies and a \$25 savings bond to each. The first runner-up also becomes the alternate national contestant in the event the winner cannot compete in the Palisades final.

Ex-convict Seeks Reunion With Pals

GRIFFIN, Ga. (AP)—Police say a 67-year-old man may have run into a stumbling block in his plan to return to Georgia State Prison.

Officers said Walter K. Vickers tossed a rock through a post office window in a bid for another prison term. They said he told them most of his friends are in prison and prison life is easier than on the outside.

Records show Vickers was in Georgia State Prison from 1959 until this year. However, damaging a post office is a federal offense.

Vickers could wind up in a federal prison without his friends after all.

Four Injured In Helicopter Crash

BLACKSTONE, Va. (AP)—An Army helicopter crashed in a hay field near this southside Virginia town Monday night, injuring four crewmen, one critically.

Authorities at nearby Camp Pickett, where all four men were temporarily stationed, said the H-21, cargo-type craft had engine trouble while flying at 400 feet in dense fog.

Injured critically was Spc. 4C William E. Hendricks, 22, New Castle, Ky. He was taken to the hospital at Ft. Lee, Va.

The other crewmen, whose injuries were described as not serious, were the pilot, Capt. Richard Allen Thompson, 32, Ft. Knox, Ky.; Pfc Steven R. Yanney, 21, Canton, Ohio, and Sgt. C Robert A. Willard, Ft. Meade, Md.

DEATHS

NEPTUNE, N.J. (AP)—Edward J. Brennan, 71, general manager of Monmouth Park Race Track, died Monday in a hospital after suffering a stroke Sunday night in his Red Bank, N.J., home. He had organized and operated a number of tracks in 45 years as a racing executive.

COLORADO SPRINGS, Colo. (AP)—Robert N. Donner, 72, former Philadelphia investment banker who devoted his time after retirement from business to fighting communism, died Sunday in his Colorado Springs home after a long illness. He founded the Donner Foundation and was an official of the American Security Council, privately financed anti-Communist groups.

NORWALK, Conn. (AP)—John E. Otterson, 83, former president of the Winchester Repeating Arms Co. and of Paramount Pictures, died Sunday in a hospital after a lengthy illness.

Bethlehem Plans Heavy Spending

NEW YORK (AP)—The Bethlehem Steel Co. says it plans to spend a record high of \$30 million in new capital outlays this year.

Of the amount, \$10 million will be used for projects at the Lackawanna, N. Y., works, near Buffalo, including added facilities for the production and shipping of structural steel shapes and installation of burnt lime equipment.

An identical sum was budgeted for a tinning line at the Sparrows Point, Md., plant near Baltimore. The line is due to be completed by the beginning of 1965.

About \$2.5 million will be allocated for open coil annealing furnaces at Sparrows Point and \$1.5 on railway axle manufacturing facilities at Johnstown, Pa., Monday's announcement by the company said.

READING RR FACES CRISIS

PHILADELPHIA (AP)—The Reading Railroad says it will file a suit in bankruptcy by next July unless it receives financial aid soon.

H. Merle Mulloy, vice president and general counsel of the Reading, said Monday the line needs financial aid to offset losses from passenger operation.

Mulloy said the railroad is now selling assets to meet current expenses. He said commuter lines within the city accounted for a \$4.2 million loss last year. He added that \$1.7 million was contributed by the Passenger Service Improvement Corp (PSIC) and the Southeastern Pennsylvania Transportation Compact (SE-PACT).

On three of its passenger lines outside the city, he said, losses were \$935,000. These three lines were the Norristown to Pottsville, Lansdale to Bethlehem and the West Trenton line—the Reading's New York route.

Last Friday the Reading asked the PUC for permission to discontinue the Norristown-Pottsville and Lansdale-Bethlehem routes.

Housewives Eager To See Gas Man

ALBANY, Ga. (AP)—Housewives here reportedly are anxious to get back to cooking in the kitchen.

That may seem strange, but residents have had to use everything from charcoal grills to an electric iron to prepare their food since construction equipment ripped into a gas line five days ago.

Officials of the South Georgia Natural Gas Co. said the tedious job of turning all 12,500 gas meters back on and making sure all pilot lights are properly lit should be completed tonight.

Coast Guard Saves Woman, Mammal

SEATTLE (AP)—Although it handled 105 cases over the weekend, the 13th Coast Guard District coasted into some unguarded moments.

Hurrying to investigate a "body" bobbing in the surf at Depoe Bay, Ore., Coast Guardsmen found a seal.

Some 10 miles south of Newport, Ore., two elderly women picked the wrong spot to dig for clams.

Mrs. Josephine Bruening, 76, got stuck in the mud. The Coast Guard pulled her out.

Says Pennsylvania Is Pivotal State

WASHINGTON (AP)—An aide to Sen. Barry Goldwater has described Pennsylvania as a pivotal state in the Arizona presidential campaign.

Lee Edwards, director of public information for the Republican National Committee, said Monday Pennsylvania is one of five states with top priority rating in the campaign against President Johnson.

Edward said Goldwater forces hope Gov. William W. Scranton will campaign for the ticket outside Pennsylvania as well as in the Keystone State.

The other states with priority ratings, Edwards said, are California, Illinois, Ohio and Texas.

Backyard Golf Aids JFK Library

SCHENECTADY, N.Y. (AP)—They're calling "fore!" in a backyard where an 11-year-old girl has opened a 9-hole golf course to raise money for the John F. Kennedy Memorial Library.

Linda Ward teamed with her brothers, Robert, 8, and John, 6, and two playmates to complete the "course" in two days.

Linda borrowed putters and golf balls from her parents, Mr. and Mrs. Robert Ward. Neighbors contributed cookies and soft drinks for the "19th hole."

Neighborhood children pay 10 cents a game. So far Linda has collected about \$14 for the library, to be constructed in Cambridge, Mass.

Court Upholds Estes Conviction

NEW ORLEANS (AP)—The mail fraud and conspiracy conviction of Billy Sol Estes has been upheld by a federal appeals court.

The 5th U.S. Circuit Court of Appeals ruled Monday that the trial judge was right in overruling defense motions for a directed verdict of innocent because of insufficient evidence.

U.S. Dist. Judge R. E. Thomson, who called Estes "the perpetrator of one of the most gigantic swindles" had sentenced Estes to 15 years.

Estes was convicted on 5 of 14 counts charging fraud and conspiracy in arranging with farmers for mortgages on nonexistent fertilizer tanks.

CAME TOO EARLY

COLUMBUS, Ohio (AP)—There's such a thing as going to church too early, police contend. Investigating a burglary report at St. Ladislav Church, they found a man asleep in the choir loft—about 2 a.m.

RULE DEATHS IN ICE BOX ACCIDENTAL

By RUSSELL LANE

CHICAGO (AP)—Last winter, Leamond L. Fuwell, 29, bought a new refrigerator and put the old refrigerator on the back porch of his apartment.

Because he has three children, aged 3 to 7, he tied the door shut with plastic-coated clotheslines.

Last Friday, three small children of George Hartman, 30, who lives in the basement apartment beneath the Fuwells, climbed into the old box. The door closed, the children died.

An epitaph to the short lives of Cynthia Hartman, 4, and her brothers, Joseph, 5, and Marty, 6, was written Monday. An inquest jury ruled that they died accidentally.

WHAT ABOUT ROPE?

The inquiry established no evidence as to what happened to the rope Fuwell tied around the old refrigerator. Probably, at some time during the months the appliance sat on the back porch, someone needed the line for something else.

A Mass of the Angels will be said for the youngsters Wednesday.

The deaths pointed up a problem that affects children everywhere in the nation. It has not been solved despite federal legislation requiring push-out doors on refrigerators made since 1958, and state laws requiring that doors be removed from discarded refrigerators.

WAS 'IDLE'

Fuwell's refrigerator had not been discarded. It was just idle, and stored on his property.

Each year, a dozen or more children die of suffocation in idle refrigerators. In 1962, the toll reached a high of 35.

The death-trap problem first became a widespread concern in the 1930s when old ice boxes were being discarded as the electric refrigerator was winning acceptance.

It surged again after World War II when resumption of civilian appliance manufacturing spurred a slough-off of over-age electric coolers.

Last year's boom in refrigerator sales again heightened the menace of abandoned boxes.

MUCH TOO OBVIOUS

MOUNT VERNON, Ky. (AP)—Fire Chief John Cox estimated damage at \$2,000 to \$3,000 when as he was trying to start the fire engine, it backfired and gas was ignited under it.

The city then found it had no fire insurance on the fire truck.

NOT THAT EFFICIENT

LAGRANGE, Ky. (AP)—Farmer H.H. McWilliams let the South Oldham County Volunteer Fire Department get some practice while he burned down an old barn on a site he planned to build a new one. But he had to calm the enthusiasm of some rookies because two or three times they almost put out the fire.

He said he had to believe that North Viet Nam would not have attacked U.S. destroyers without first clearing it with Red China.

RESOLUTION OF SUPPORT SIGNED BY LBJ

WASHINGTON (AP)—President Johnson has signed the congressional resolution supporting his actions in Southeast Asia and says he hopes it is read around the world as it states plainly "where America stands."

"To any armed attack upon our forces," said the President, "we shall reply."

"To any in Southeast Asia who ask our help in defending their freedom, we shall give it."

With military and congressional leaders grouped around him, Johnson signed the joint resolution Monday with a couple dozen pens in the East Room of the White House.

Noting its quick and almost unanimous passage in both houses of Congress, Johnson remarked, "The unanimity of the Congress reflects the unanimity of the country."

ORDERED AIR STRIKES

Johnson recalled he had asked for the resolution approving his actions after ordering American naval forces last Tuesday to send air strikes against North Vietnamese PT boats and bases in retaliation for attacks on American destroyers in the Gulf of Tonkin.

"This resolution," he added, "confirms and reinforces powers of the presidency. I pledge to all Americans to use these powers with all the wisdom and judgment God grants to me."

With passage of the resolution, he said, "our course is clearly known in every land."

"There can be no mistake, no miscalculation, of where America stands or what this generation of Americans stands for."

WANTS PEACE

He said in Southeast Asia "there is nothing we covet, nothing we seek. Our one desire, our one determination, is that the people of Southeast Asia be left in peace to work out their own destinies in their own way."

The President repeated his unity theme in a White House luncheon with 200 businessmen.

Henry Cabot Lodge, leaving this weekend on a mission to appraise European allies of the Southeast Asian situation, told newsmen Monday "it is safe to assume" that North Viet Nam's leader, Ho Chi Minh, "is not a free agent."

He said he had to believe that North Viet Nam would not have attacked U.S. destroyers without first clearing it with Red China.

VP SELECTION IS OPEN TO QUESTIONING

By J. W. DAVIS
WASHINGTON (AP) — The American government, though a work of genius, still has points that are open to criticism. One is the system for picking vice presidential nominees. It has come to be assumed that if the presidential nominee of a party wants to decide the choice of his running mate, he can do it.

The argument runs: A president is responsible for his administration, so it is only right that he pick his own team, certainly his No. 2 man.

ARGUMENT ARISES
But is it fair? Is it democratic for one man to make the decision, which could be fateful for the country? You can get an argument here.

No one doubts that President Johnson's voice will be the deciding one when the Democrats round out their ticket at Atlantic City this month.

Similarly, it was Barry Goldwater who did the deciding for the Republican convention at San Francisco when the vice presidential choice was William E. Miller.

KENNEDY PICKED LBJ
And everybody knows how singlehandedly John F. Kennedy picked Lyndon B. Johnson to run with him in 1960.

A man running for a presidential nomination has it tough. He frequently has to go through great campaign agonies in a drive for votes — and spend a lot of money.

But to become the vice presidential nominee nowadays, a man doesn't have to do anything but look good to one other man — the presidential nominee.

FOUNDING FATHERS

It hasn't always been this way. The nation's founding fathers set up a system whereby the runner-up for president became the vice president. That system was junked with the growth of political parties.

And it hasn't always been the case even in recent years that the presidential nominee had more to do with the vice presidential pick. In 1956 Adlai E. Stevenson, the Democratic presidential nominee, left the

COOPERATION URGED AS KEY

PHILADELPHIA (AP) — Cooperation between all levels of government is the key to solving key problems of Pennsylvania's cities, Miss Genevieve Blatt, secretary of internal affairs, told a convention of the Pennsylvania League of Cities Monday.

"City problems are inevitably, and sooner, rather than later, everybody's problems," she said. "We live too closely together now to afford the luxury of going it alone."

Miss Blatt cited as examples of cooperation, dozens of cooperative sewage disposal plants, water supply projects, and similar ventures now being undertaken throughout the state.

"We must do more and more of this," she said. "We must improve the techniques of cooperation and learn how to get the most effective help from each cooperating agency. Only in this way will we solve the problems of our cities."

selection up to the convention. But for the most part, the presidential nominees more and more have called the vice-presidential shots.

KE AND NIXON

In 1952, Gen. Dwight D. Eisenhower gave his blessing to Richard M. Nixon for second place on his Republican ticket. He stuck with Nixon again in 1956.

In 1932 John Nance Garner, loser to Franklin D. Roosevelt for the Democratic presidential nomination, was handed the vice presidential nomination.

Later Garner criticized Roosevelt's third term plans. Roosevelt dropped him and picked Henry A. Wallace for his running mate. Then, in 1944 FDR let Wallace go and in the end it was Harry S. Truman who was vice president when Roosevelt died.

8 SUCCEEDED

Instances after instance could be cited of the chance, sometimes almost whimsical, ways in which vice presidents have been chosen. Yet, eight men picked for vice president for one reason or another — sometimes by one man alone — have succeeded to the most powerful office in the land, not through merit but because the president died.

COURT RULING IS OPPOSED BY FARM GROUPS

By OVID MARTIN
Associated Press Farm Writer

WASHINGTON (AP) — Both the American Farm Bureau Federation and the National Grange have come out against the U.S. Supreme Court ruling that representation in both houses of state legislatures must be based solely on population. Most states now base at least one house on such units of area as counties.

The decision would in most states have the effect of reducing rural influence and power in the state legislature.

Besides the Farm Bureau and the Grange, two farm groups have not yet taken stands on the ruling.

NO STAND

The matter is to be taken up by the board of the National Farmers Union here Aug. 21. The National Council of Farmer Cooperatives plans to discuss it at its national convention later. On most farm issues, there is a wide divergence of views among the farm organizations.

LOANS REACH HIGH

Loans made to low-income farmers by the Agriculture Department during the fiscal year ending June 30 reached a record high of \$742,988,000.

The loans, made through the Farmers Home Administration and its county committees, were extended to approximately 1,440,000 farm people.

Most of the loans made by this agency go to farmers unable to obtain credit elsewhere. It also makes loans to help small rural communities construct water distribution systems.

Repayments of FHA loans during the fiscal year were reported at \$475.4 million compared with \$420.5 million a year earlier. Loans outstanding on June 30 totaled \$2.3 billion about 15 percent more than a year earlier.

CREDIT UNIONS

Credit unions are making gains as suppliers of credit to farmers.

The Credit Union National Association of Madison, Wis., reports that in 1963 a total of 560 credit unions assisted farmers. It said 338 were owned and operated by farmer cooperatives, 108 by members of the National Farmers Union, 60 by the National Grange, and 55 by the Farm Bureau.

Credit unions and mutual thrift organizations composed of groups of people who save money together and make low-cost loans to one another for worthwhile purposes. Members own and operate the credit unions under government charter and audit.

Stars Will Guide NASA Observatory

NEEDHAM, Mass. (AP) — The stars, navigational aids to ships of the past, will be used to steer a National Aeronautics and Space Administration observatory which will circle the earth in a 500-mile-high orbit. The unmanned spacecraft will have a device which transforms light rays into electric currents. The currents will be electronically processed into signals which will guide the craft on its orbit, according to engineer Philip Schluter.

Schluter is employed by Sylvania Electric Products Inc., which is developing equipment to be carried aboard the orbiting lab. The lab will process its observations of cosmic targets and store them in a memory unit for later transmission to ground stations.

COMMENTS ON EXTREMISM IN BID FOR UNITY

NEW YORK (AP) — Sen.

Barry Goldwater, in a bid for party unity, says the "extremism" he advocated in defense of liberty could be paraphrased as "wholehearted devotion" to the cause of liberty.

The Republican presidential candidate, in his July 16 speech accepting the nomination, said: "I would remind you that extremism in the defense of liberty is no vice. And let me remind you also that moderation in the pursuit of justice is no virtue."

Various prominent Republicans have urged the Arizona senator to elaborate on his use of the word "extremism."

LETTER TO NIXON

In a letter to former Vice President Richard M. Nixon, which Nixon made public Sunday, Goldwater said: "If I were to paraphrase the two sentences in question in the context in which I uttered them I would do it by saying that wholehearted devotion to liberty is unassailable and that half-hearted devotion to justice is indefensible."

This was the concluding paragraph of the 550-word letter written, Nixon said, in response to a letter he sent to Goldwater on Aug. 4.

Goldwater said that "misunderstandings must not be permitted to stand in the way of the unity of principle and purpose that is essential to a Republican victory in November."

"UNTHINKABLE LABELS"

Goldwater further wrote: "One portion of that correct context — and a most important one — was the paragraph immediately preceding the two sentences in question."

"In it I urged that we resist becoming captives of 'unthinkable labels' — most of all those coined with divisive intent by our political opponents, by those who reject the body of principle by which we define our Republican heritage."

"In that context the sentences that followed were but examples," he said, adding: "They were examples of a quality of devotion to liberty and justice — 'firmness in the right,' as Lincoln put it — for which no Republican and, indeed, no American need apologize."

"It goes without saying that such devotion would not countenance illegal or improper means to achieve our proper goals. In short, as stated in another setting in our 1964 platform, 'goals must ever discipline means.'"

Today In Washington

WASHINGTON (AP) — The House Committee on Un-American Activities says the propaganda and agitation campaigns of the Communist party were responsible for the assassination of President John F. Kennedy.

However, the committee said it takes no position on the question of "whether the assassination of President Kennedy was an individual act or the work of a conspiracy."

A presidential commission headed by Chief Justice Earl Warren is expected to conclude next month that accused assassin Lee Harvey Oswald was a loner who acted out of his own aberrations when he fired the bullets that killed Kennedy last Nov. 22 in Dallas.

The House committee discussed Kennedy's murder in its annual report issued Sunday. It recommended that Congress pass a law making assassination of the president or vice president a federal crime.

WASHINGTON (AP) — Former Vice President Richard M. Nixon says the "explosive conflict" over civil rights will be a major issue in the presidential campaign.

Appearing Sunday on a taped

television-radio program with Sen. Kenneth B. Keating, R-N.Y., Nixon said the people will want to hear from the candidates how they plan to handle civil rights problems.

President Johnson and Republican presidential nominee Barry Goldwater have agreed to avoid during the fall campaign any statements that might inflame the rights issue and encourage renewed violence.

WASHINGTON (AP) — The Food and Drug Administration will require drugs containing the painkiller Phenacetin to carry labels warning that kidney damage may result from exceeding recommended dosage.

The regulation, effective in 60 days, was announced Saturday and applied to drugs sold without prescription.

When used as recommended, FDA said, Phenacetin is considered a safe and useful analgesic. The labeling change was recommended by a special advisory committee of scientists.

KANSAS CITY (AP) — Don Carlton Tyler, 21, of Conneautville, Pa., is one of four regional Star Farmers in the running for the 1964 Star Farmer of America award at the Future Farmers of America convention here Oct. 15. Tyler was named a regional Star Farmer Saturday by FFA directors.

Brenda Veers Away From United States

MIAMI, Fla. (AP) — Tropical Storm Brenda continued to move through the Atlantic Ocean Monday on a course away from the United States.

The center of the storm was located about 420 miles north-east of Bermuda and was moving to the north northeast 14 miles per hour at daybreak.

The U.S. Weather Bureau at Miami said it expected the storm to accelerate slowly within the next 18 hours.

Maximum winds of Brenda, which passed over Bermuda Saturday, are 50 to 60 m.p.h. in squalls over a small area near the center.

Mother Of 4 Shot Fatally By Husband

DUNCANNON, Pa. (AP) — Mrs. Sally O. Liddick, 34, mother of four children, was shot and killed Sunday night in a family dispute, state police reported.

Sgt. Alfred Corkaran of the Duncannon barracks said he arrested Harvey E. Liddick, 38, the woman's husband, at the scene. Corkaran said Liddick was lodged in the Perry County prison at New Bloomfield after a hearing there before Justice of the Peace Orin Sewell.

Coroner L.C. Morrissey said Mrs. Liddick was pronounced dead at the scene from a .22 caliber revolver wound.

Florist Develops Four-Leaf Clovers

PEKIN, N.Y. (AP) — Pekin Hill florist Leon Groth, through seven years of research, has bred a plant which produces 20 generations of four-leaf clovers a year.

"A market for these plants exists in the plastics industry," he says. "I hope to turn this endeavor and my hand to fashioning souvenirs."

And, he adds: "Someday my wife Brenda and I will plant acres and acres of fields brimming with four-leaf clover plants in the Great Northwest. We'll offer folks the opportunity to pick one. No gimmicks — no fee. People really enjoy lucky clover leaves and we'd like to pass what luck we've had along to them."

Nearly 8 million cords of pulpwood are harvested annually on Canadian and U. S. forest lands for newsprint.

AP SENDS 150 NEWS, PIX MEN TO CONVENTION

The Associated Press has assigned more than 150 news and photo staffers to carry the story of the Democratic National Convention to the nation and the world.

Their reports, bulletins and pictures will be transmitted instantly over a network of leased wires operating from Convention Hall in Atlantic City, N.J.

The convention opens Aug. 24, but staffers will be on hand well before that to cover preliminary activity.

William L. Beale Jr., Washington Bureau chief and veteran of 14 national conventions, will supervise the news report. The news editor will be Marvin L. Arrowsmith, news editor of the Washington Bureau and former White House correspondent.

HEADS PICTURES

F. A. Resch, AP general news-photo editor, who has covered conventions since 1932, will direct photographic coverage.

His supervisory editors will include Patrick J. McDonald and Robert L. Ticken from New York, Barry Stroup from Washington, William F. Achatz from Philadelphia, Richard Strobel from Los Angeles, and James Laxson from Atlanta, all veterans of numerous conventions.

Newsmen and photographers from AP bureaus across the country will join in the coverage.

In addition to the general stories on the convention, the AP will provide widespread regional coverage. The object is a story for morning newspapers and another for afternoon newspapers each day for each state on activities of their delegations.

2 EDITING DECKS

Two closely coordinated editing desks will be set up. One, headed by J. W. Davis of the Washington Bureau, will handle the general news, and another supervised by Bennett Wolfe of the Washington Bureau will have charge of state and regional news.

BOSTON (AP) — Doctors attending Sen. Edward M. Kennedy still are considering the possibility of surgery to speed his recovery from a broken back.

The physicians held a series of conferences over the weekend and met again Monday.

Rambler's Year-End Selling Spree is on now. Even during the regular selling season you could save \$240 or more* over a top-size Ford or Chevrolet station wagon.

Now you may save even more because Rambler dealers are really dealing to clear the decks for the '65s. You get smart, sporty looks and more V-8 power than the standard V-8 in a Ford or Chevrolet wagon. And look at the Rambler advantages you get automatically, most of which you can't get on the other two best-selling wagons at any price. (See chart.)

Live a little—with your savings, choose from sporty options like reclining bucket seats, console, floor shift (manual or automatic), power steering, power brakes, power windows... and lots more. Drive a Classic wagon to see how much car you've been missing.

M'PEAK SAYS 'SKINS GOING TO WIN IN '64

CARLISLE, Pa. (AP) — Bill McPeak breaks all the rules for football coaches. He steps right out front and says he thinks his Washington Redskins are going to win.

"If we can keep our quarter-back in one piece, we can take it all," said the coach-general manager of the 'Skins at the training base at Dickinson College. "I don't know how good he was until we got him."

McPeak was talking about Sonny Jurgensen, the quarter-back he got from Philadelphia in a trade for Norm Snead, his former protegee. At the moment, Jurgie can walk on water as far as McPeak is concerned.

SEES HODGE PODGE

Of course, walking is all Jurgie can do at the moment, since he is out for some 10 days with an injured knee, but the quarter-back is expected to be fit for the opener on Sept. 13 against the tough Browns.

"I think the Eastern Conference will be a hodge podge," said McPeak.

McPeak counts on Sam Huff, the ex-New York Giant, to steady his defense just as he expects Jurgensen to lead the offense.

BIG NAMES THERE

"We've never had a line-backer like Huff," said McPeak. "Sam is full of vinegar and he wants to do well. He was pleasantly surprised at the caliber of our defensive line."

The 'Skins' attack will hinge on Jurgensen's passes, primarily to flanker Bobby Mitchell and Angelo Coia, the speedy new split end acquired from the Chicago Bears.

The running game depends on Charley Taylor of Arizona State, who wasn't able to join the club until this week because of the College All-Star game.

SHORES UP DEFENSE

Tom (The Bomb) Tracy, trimmed down to 190 pounds, Billy Barnes and Don Bosseler are available. McPeak liked what he saw of rookie Dick Drummond in early camp. The fullback position is a scramble among Bosseler, Dave Francis, J. W. Lockett and rookie Gene Donaldson from Purdue.

The offensive line of tackles Riley Mattson and Frank O'Brien, guards Vince Promuto and John Nisby and center Fred Hageman is intact, with rookie Len Hauss of Georgia pushing Hageman. There are no solid reserves.

McPeak's big job has been to shore up the deep defense. The front four of John Paluck, Bob Tonnoff, Joe Rutgens and Ron Snidow is solid but the line-backing, except for Huff, is fluid. Bob Pellegrini and Rodd Breedlove may wind up at the corners.

Next—Baltimore.

Lord Baltimore gave 560 acres of land near what is now Washington to Col. Joseph Belt of the colonial militia. Its name appeared on the 1725 grant as "Cheivy Chace."

Upper Adams Pony League

The Idaville Senators, the regular season champions, will battle the York Springs Giants for the 1964 postseason playoff championship. The Giants entered the finals as a result of Monday evening's stunning 5-0 win over the Arendtsville White Sox.

Todd Tanger, Giant hurler eliminated the White Sox from the double elimination tourney on a well pitched one-hit shutout. The Giant tosser allowed two walks and fanned 11 batters. Mike Kane was the only White Sox ball player to collect a hit in the seven-inning clash. Kane blasted a triple to lead off the fifth frame, but was left stranded when Tanger went on to strike out the side.

The Giants crossed the plate once in the third inning when Phil Aldinger walked, went to second on a fielder's choice, stole second and raced home on an overthrow. The winners added another run in the fifth and took advantage of four hits including a double to score three times in the sixth.

Tom Baker, Sam Baker and Tanger paced the winner's attack with a pair of hits each. The two Bakers also poked doubles. Dan Wyckoff started on the hill for the White Sox and during his five and a third innings, fanned nine and gave up seven hits. Rick Stover came on in the sixth.

White Sox — 000 000 0-0-1-2
Giants—Todd Tanger and Sam Baker; White Sox—Dan Wyckoff, Rick Stover (6) and Steve Walde.

Young Tommy Lee, pitching his first complete game for the Charleston Indians Monday night, gave up only three hits and struck out seven—but he lost to the York White Roses, 1-0, in the nightcap of an Eastern League double-header.

York swept the twinbill, taking the opener, 7-3.

The 22-year-old Lee gave up only three hits to York, but they were all bunched together in the first inning, when the White Roses scored the lone tally of the game on two singles and an error. York's Harley Anderson gave up just six hits in winning his fifth game in six decisions.

York took the opener, breaking open a 3-3 tie with four runs in the sixth inning. The big hit in the inning was a bases-loaded double by Mike Gardner.

At Elmira, the big bats of Jose Calero and Frank Johnson gave the league-leading Springfield Giants a 5-1 win over the Pioneers. Calero, with a three-for-four night, knocked in three runs. Johnson also got his three hits, as Matt Gayeski pitched his 15th victory of the season, against five losses. Howie Stethers (6-7) took the loss.

Weddings

Lupp—Fishbaugh

The marriage of Miss Carlene Ann Fishbaugh, daughter of Mr. and Mrs. Leslie Fishbaugh, of Uniondale, Ind., to Kenneth A. Lupp of Idaville, was solemnized in candlelight at St. Mark's Lutheran Church, Uniondale, Md., Saturday evening at 7:30 o'clock by the Rev. H. L. Walmsley, who performed the double-ring ceremony.

Miss Ardith Martin, of Cincinnati, O., presided at the organ and accompanied the soloist, Mrs. Lex Dormire, who sang "The Wedding Prayer," "Christian Wedding Song," and during the ceremony, "The Lord's Prayer."

David Griffith of Idaville, Pa., and Lee Custer of Detroit, Mich., were the acolytes.

GIVEN IN MARRIAGE
The bride, given in marriage by her father, wore a floor-length gown of imported rayon organza and Florentine lace over crystal white taffeta. The fitted bodice of organza over taffeta was styled with a scalloped lace shelled out neckline, sprinkled with seed pearls and iridescent sequins. Long-lined organza sleeves tapered to points over her hands. Scalloped lace edged the flat front floor-length skirt. A fold of organza circled the waist and created a tailored bow at the front. Scalloped lace edged the skirt of organza over taffeta that swept to a full chapel train.

Her waist-length bouffant veil of white imported illusion was held in place by a coronet of seed pearls and crystal beads with bouquet pendants. She carried a crystal consisting of a white orchid surrounded by deep pink rosebuds.

Mrs. Carol Keller, the matron of honor, appeared in a floor-length dress of organza over satin. The fitted bodice was styled with a scooped neckline and cap sleeves. The back featured a large bow with streamers trailing to the floor. The color of the dress was shrimp. She carried a white fan with white and pink mums.

The attendants, Miss Judith Morris of Indianapolis, Ind., and Mrs. Donna Geisman, cousin of the bride, were attired in gowns identical to that of Mrs. Keller. They also carried similar flower arrangements.

Kirby Keller was the best man, and the ushers were Harold Lupp, brother of the groom, and Richard Case, college friend.

The bride's mother was attired in an aqua dress with matching accessories and wore a pink rosebud corsage. The groom's aunt wore a teal-blue dress with white accessories and a similar corsage.

RECEPTION FOLLOWED
Following a reception in the church social room which was served by Mrs. Art Rutenburg, Karen Headley, and Marty Henry, the couple left for a week's wedding trip to the East Coast. The bride's traveling attire was a beige suit with red accessories. She wore a corsage of orchids surrounded by deep pink rosebuds. Upon their return, the couple will reside in Uniondale R. 1, Ind.

The bride graduated from Union Center High School in 1960, from Huntington College in 1964, and is employed at a teacher at Riley Junior High School in Huntington, Ind. The groom graduated from Bermudian Springs High School in 1961 and is now a senior at Huntington College. He is employed as a receptionist at Baer Field Inn, Fort Wayne Municipal Airport.

Time System Faces Overhaul As House Committee Seeks To Synchronize Communities

By STANLEY MEISLER
WASHINGTON (AP) — The words "daylight saving time" and America's crazy-quilt time system may be on the way out.

A House Commerce subcommittee will take up and likely approve a bill Tuesday that overhauls the U.S. time system and attempts to bring order out of what the Interstate Commerce Commission calls "increasing chaos" in American time.

NO OPPOSITION
A similar bill was approved by the Senate Commerce Committee. No public opposition has arisen so far, and there just may be enough time left to push the bill through Congress before the session ends.

Basically the bill would set up uniform areas that would move their clocks ahead and back at the same times every year. For the most part, the bill would do away with situations in which one community is on standard time and the town next door on daylight time.

According to testimony before the House subcommittee, the country has such situations galore.

The bill now before Congress would try to end the nation's confusing time situation with these provisions:

OFF-COAST ZONE

1. The United States, except for Alaska and Hawaii, would be divided as now into four zones: Eastern, central, mountain, and Pacific. In addition, a new Atlantic zone would be created. This would be off the East Coast and not over any mainland at all.

2. To save daylight in warm summer months, the Interstate Commerce Commission would create a single subzone in each regular zone. This zone would be a geographic whole and would connect with the full zone to the east.

UNIFORM SCHEDULE

3. Daylight saving time would begin for all subzones on the last Sunday in April and end on the last Sunday in October.

4. It would not be called daylight saving time at all. Instead, the ICC would assign each subzone to the full zone to the East. In other words, a person living in the central time subzone would find that during the summer months he would use the term, Eastern standard time.

5. The bill would require all federal agencies, common carriers, and communications by wire or radio to use this time system. It is assumed that this would persuade all local communities to adopt the new system.

MACKENZIE HONORED

GRANDE PRAIRIE, Alta. (AP) — Ten men and a dog honored the memory of Sir Alexander Mackenzie recently, 171 years after he paddled down the Peace River. Dressed in deer skins and moccasins, they paddled 180 miles along the course Mackenzie followed in 1793 to highlight a celebration that ranged throughout the Peace River areas of Alberta and British Columbia.

Pour a thick sugar syrup over thinly sliced fresh pineapple; cool. Add some slivers of syrup-preserved ginger and serve over vanilla ice cream. If you substitute candied ginger for the preserved variety, wash in hot water before slicing.

U.S. STRIVES FOR PEACE ON CYPRUS ISLE

WASHINGTON (AP) — The United States pressed diplomatic efforts Monday to keep the lid on the Cyprus cease-fire and propel it toward an eventual permanent solution.

After an opening round of top-level diplomacy in which President Johnson cabled personal appeals Sunday to the Greek, Turkish and Cypriot government heads, Washington was channeling its main efforts through the United Nations.

Renewed hostilities, U.S. officials feared, could bring on a war between Greece and Turkey that would shatter NATO's eastern flank and conceivably pave the way for a wider East-West conflict.

LBJ APPEAL

Undersecretary of State George W. Ball voiced the U.S. view Sunday night after a week-end of efforts to shut off Greek Cypriot attacks on Turkish Cypriot positions and counterattacks by planes and warships from Turkey.

Johnson's appeals to the three government heads and the U.N. Security Council's cease-fire call at an emergency afternoon session highlighted the feverish diplomatic effort.

"We should avoid a conflict which would be disastrous for all concerned, and we've made progress toward this tonight," Ball said in a CBS interview. "I am hopeful that we can bring this problem toward a permanent solution rather quickly."

PERMANENT PACT

U.S. diplomats hoped that the de facto cease-fire on the island brought about by nightfall would be cemented by the U.N. cease-fire call, giving the U.N. commander in Cyprus a chance to work out arrangements on the spot for a permanent cessation of hostilities.

Washington also sought a withdrawal of an estimated 5,000-7,000 professional-type soldiers which have slipped into the island since President Makarios served notice last December he wanted an end to the existing constitutional arrangement dividing power between the Greek and Turkish factions.

The include perhaps 4,000-6,000 fighters added to the Greek side on Cyprus and probably fewer than 1,000 from Turkey, according to U.S. estimates.

World News

MOSCOW (AP) — The Soviet Union has issued a call for a Dec. 15 conference to prepare for a meeting of the world Communist movement next summer, Pravda, the Soviet Communist party organ, announced today.

The preparatory meeting of 26 Communist parties would proceed even if the Chinese Communists carry out their threat to boycott it, Pravda said.

Pravda dismissed Chinese objections that a world party conference would be illegal without their participation.

Peking has warned that a showdown meeting on the Soviet-Chinese dispute would result in a final split of the movement.

TOKYO (AP) — Japan asked the Soviet Union Monday for notice whenever it plans to launch rockets into the Pacific, the Foreign Ministry announced.

The Soviet Union announced July 31 that it will conduct a series of rocket tests in the Pacific from Aug. 4 through Dec. 30.

Japan said in its note that it reserves all rights for compensation for damages or losses incurred by Japanese nationals as a result of the Soviet experiments.

HONG KONG (AP) — Communist China started pressing huge numbers of youths, factory workers and government officials into military service three weeks before the Gulf of Tonkin crisis, according to delayed official reports.

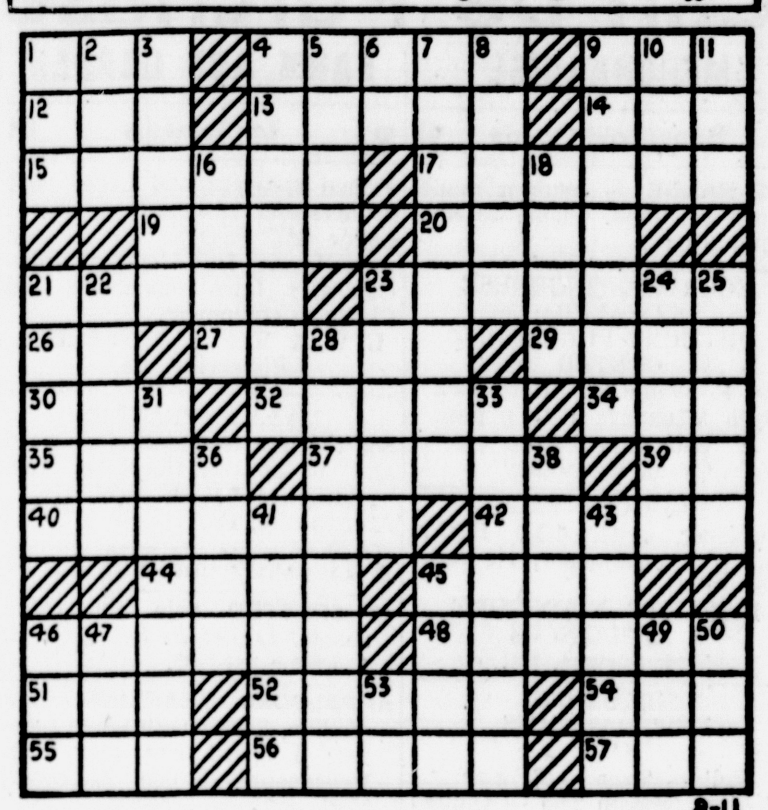

The reports said more than half a million people had been drafted and more are being called up.

BONN (AP) — West German President Heinrich Lübke has accepted an invitation from Emperor Haile Selassie to visit Ethiopia. The president's office said Monday the state visit will begin Oct. 20.

Deaf Man Perfects Midget Transistor Hearing Aid

If you can hear people talk and can't make out the words clearly, then this will be your answer. An extremely small hearing aid using a tiny energized unit has been perfected by a man who himself is hard of hearing and has been for over 10 years. With his new aid, even whispers are crystal clear. If interested it is suggested you write HEARING, 32 E. 9th St., Erie, Pa. You will receive full information at no cost or obligation whatsoever.—Adv.

RAIL, UNION STUDY PLAN

WASHINGTON (AP) — The nation's railroads and six shop craft unions took under consideration Monday a recommendation by a presidential emergency board for a job protection agreement.

They have 30 days to negotiate a settlement on the basis of the recommendations. If they fail to agree by then, the railroads will be free to alter working conditions and the unions will be free to strike.

5-YEAR WARRANTY

They include a five-year warranty of his former pay to a man whose wages or conditions are reduced as a result of such a change, and a monthly allowance of 60 per cent of his former earnings for up to five years if he loses his job.

The board had been considering the case since March 17. The dispute began in October 1962 and stems from sweeping technological and organizational changes affecting railroads over the past 20 years.

The unions, which function through the Railway Employees' Department of the AFL-CIO, are the International Brotherhood of Boiler Makers; Brotherhood of Railway Carmen; International Brotherhood of Electrical Workers; International Association of Machinists; Sheet Metal Workers International Association; and International Brotherhood of Firemen and Oilers.

The board submitted its report to President Johnson Sunday at his Johnson City, Tex., ranch, where he was spending the week-end.

The Panama and Cape Cod canals were opened within a two-week period in 1914.

CONFIRM PILOT WAS CAPTURED

HONG KONG (AP) — A Communist newspaper Monday published a picture of the U.S. pilot it said had been shot down last week during the U.S. raid on North Viet Nam's torpedo-boat bases.

The newspaper Wen Wei Pao identified the pilot as Lt. (j.g.) Everett Alvarez Jr. of San Jose, Calif. It carried the picture on a U.S. Navy identification card bearing Alvarez's signature together with a shot of a wrecked plane the newspaper said had been piloted by Alvarez.

Officials of North Viet Nam had said earlier that Alvarez had been captured, but publication of the picture of his identification card was the first concrete evidence supporting the statement. The picture's caption said the plane had been downed near Hanoi.

The Pentagon in Washington had listed Alvarez, 26, as one of two U.S. pilots missing after the attack.

Turtle Gets New 'Phone Number

NAPA, Calif. (AP) — Old Timer, a turtle, has a new telephone number.

It's painted on his back with nail polish.

Because his old phone number was out of date, it took quite a bit of doing for the people who found him recently, two miles from his home, to return him to the Richard Walker family.

That was because he had his old number, which was for a phone in Ukiah, 75 miles from here, where the Walker family lived until five months ago.

Mrs. Walker said she painted the original number on him after he wandered off and was gone three months.

Now, at the urging of the four Walker children, she has got out the nail polish and Old Timer's phone number is up to date.

STANDING ON THE CORNER

LOUISVILLE (AP) —Male High School claims to have the only school paper anywhere to be named after a street corner.

The publication, a prize winner nationally for years, is called "Brook 'n Breck" after the school's location.

SOUNDS GOOD

RATES REDUCED AGAIN FOR ELECTRIC HOME HEATING AND ALL-ELECTRIC LIVING!

In the past seven years, most other living costs have gone up . . . but not electricity! Electric rates for home heating and all-electric living continue to come down! In fact, there have been three big rate reductions since 1958, amounting to an average of 23.5%!

This present reduction saves electric home heating customers about the equivalent of one month's budget bill. As far as you are concerned, this means that it's now easier and more practical than ever to give your family all the advantages of electric heat and all-electric living. There's never been a better time to make the change to truly modern living, by going all-electric.

Many of your friends and neighbors are already getting the benefit of this new lower rate. Why not join them? Call your nearest Metropolitan Edison Company office to find out how little electric heat will cost for your home.
